Electronic (CD) copy Hard (paper) copy

I/we **have** served a copy of my/our submission on the Applicant as per Section 96(6)(b) of the RMA

Yes

My/our submission is that: (state in summary the nature of your submission. Clearly indicate whether you support or oppose the specific proposal, or wish to have amendments made, giving reasons)

My submission opposes the Tiga Mines and Minerals application to mine mineral sands on the Barrytown Flats .

- Industrial mining of the scale proposed ,in a populated rural area would have significant and widely distributed adverse effects on people , the community and the environment
- The local economic benefits of the proposal are uncertain, community wellbeing and other environmental values should not be compromised in pursuit of speculative economics.
- S.H.6 would become more dangerous on an already narrow and winding scenic road. Trucking road noise and vibration from early hours to til after dark.Even at weekends and holidays . Affecting local community activity. And valuable tourist activity ,so important to the West Coast economy. This would adversely affect the beautiful natural character of the Coast,for community life and tourism.
- The West Coast natural environment is a precious taonga. Including the Westland Petrell and so many other natural beauties.All this precious taonga would be at risk.
- Considering our awareness of the effects of climate change ,it is imperative that we protect our natural environment for the survival of all species including humans . Significant carbon emissions would be generated in this activity and contribute to global warming.
- The proposal is contrary to the Resource Management Act.

I/we seek the following decision from the Local Authority:(give precise details)

I seek the following decision from the Local Authority that the application be declined in its entirety.
