Yes

My/our submission is that: (state in summary the nature of your submission. Clearly indicate whether you support or oppose the specific proposal, or wish to have amendments made, giving reasons)

(1) The internationally important population of Westland Petrel/Taiko would be faced with damaging light distraction threats due to the proposed mining and trucking during the hours of darkness. Their slow reproductive rate combined with a population already severely damaged by recent weather events would very likely lead to significant negative effects upon the remaining numbers.

(2) The increased heavy truck traffic brings significant risk to both local people and tourists using SH6 which is likely to face damage and repair costs which do not justify the benefits of this mining operation.

(3) As a frequent visitor to New Zealand with family and friends on both North and South Islands I view this coastal stretch as one of great amenity to the many visitors to the area. Adverse effects on the natural character of this coastal environment are likely result of this mining proposal. +

I/we seek the following decision from the Local Authority:(give precise details)

that this application be declined in its entirety
