I oppose the application.

I am not a trade competitor for the purposes of section 308B of the Resource Management Act 1991.

I request, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to 1 or more hearings commissioners who are not members of the local authority.

Important information from Councils – Please read carefully

Public information

The information you provide is public information. It is used to help process a resource consent application and assess the impact of an activity on the environment and other people. Your information is held and administered by the West Coast Regional Council and Grey District Council in accordance with the Local Government Official Information and Meetings Act 1987 and the Privacy Act 1993. This means that your information may be disclosed to other people who request it in accordance with the terms of these Acts. It is therefore important you let us know if your form includes any information, you consider should not be disclosed.

Note to submitter

Please note that your submission (or part of your submission) may be struck out if the authority is satisfied that at least 1 of the following applies to the submission (or part of the submission):

- it is frivolous or vexatious:
- it discloses no reasonable or relevant case:
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further:
- it contains offensive language:
- it is supported only by material that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter

Submission

I oppose the application because i believe it will have negative impact on the citizens of the area, on the environment, and on already fragile ecosystems.

Globally the effects of climate change are becoming apparent. Increasingly forward thinking councils are curtailing the efforts of multinational corporations to degenerate their environment, destroy the existing flora and fauna, lay siege the local population with wholesale extraction methodology and the trundling along state highways with their lumbering machines, extracting and carting away mineral wealth which can never be replenished, will be converted into carbon to be emitted into the air. leaving behind an echo of what once was, and with a sleight of hand, remove the profits offshore.

I make an appeal to the persons who are responsible for reviewing this application to consider their children and their children's children when making a decision that will influence the future .

I seek the following decision from the Local Authority that the application be declined in its entirety.
