Yes

My/our submission is that: (state in summary the nature of your submission. **Clearly** indicate whether you support or oppose the specific proposal, or wish to have amendments made, giving reasons)

I strongly oppose this application.

The reasons are: Mining of this scale would be particularly disturbing to the populated rural area in many ways. Mining noise and transporting of sand having adverse effects on people.

This proposal would compromise the local community's health, safety, wellness, and also the environmental values, even though the economic benefits are uncertain.

Trucking impacts are more than minor. The narrow SH 6 would become an unsafe dangerous road for cyclist, motorists, pedestrians, tourists and locals.

The proposal would deter visitors travelling this route, degrade the natural character of the coastal environment and the social fabric of the community. The recreational values of people and their livelihoods would also be compromised.

I/we seek the following decision from the Local Authority:(give precise details)

Declined in its entirety.
